UBS Trust Company of Puerto Rico

(1) The Funds are currently undergoing registration with the SEC and any available disclosure documents will be available on the SEC's EDGAR website.

* The price of your Fund units is based on the net asset value of the portfolio(s) in which you invest. Each Portfolio of the Fund calculates net asset value on each business day, as of the close of the New York Stock Exchange (generally 4 p.m. New York Time). The NAV is not the current trading price of the Funds, please call your financial advisor or visit www.ubs.com/prfunds for current market performance quotations.

The net asset value per Portfolio unit is based solely on the value of the assets in the applicable Portfolio. In addition, the net asset value of each class of each Portfolio will differ as a result of differences in annual operating expenses (e.g. unitholder distribution and servicing fees) and will be computed separately. Your price for buying or selling Portfolio units will be the net asset value of the applicable Portfolio that is next calculated after the Fund accepts your order. Your Financial Advisor or other selected securities dealer is responsible for making sure that your order is promptly sent to the Fund when units are purchased in a manner other than through the automatic distribution reinvestment program.

This material is designed for informational purposes only and for current owners of Fund units, who have already received a copy of the Fund prospectus. This is not an offer to sell or buy fund units. **You should carefully review the prospectus before buying Fund units. The prospectus contains important information including investment objectives, charges, expenses and risk factors. To obtain a copy of the prospectus contact your Financial Advisor or call 787-250-3600 or visit our website at www.ubs.com/prfunds.**

As a firm providing wealth management services to clients, UBS Financial Services, Inc. offers investment advisory services in its capacity as an investment adviser and brokerage services in its capacity as an SEC-registered broker-dealer. Investment advisory services and brokerage services are separate and distinct, differ in material ways and are governed by different laws and separate arrangements. It is important that clients understand the ways in which we conduct business, that they carefully read the agreements and disclosures that we provide to them about the products or services we offer. A small number of our financial advisors are not permitted to offer advisory services to you, and can only work with you directly as UBS broker-dealer representatives. Your financial advisor will let you know if this is the case and, if you desire advisory services, will be happy to refer you to another financial advisor who can help you. Our agreements and disclosures will inform you about whether we and our financial advisors are acting in our capacity as an investment adviser or broker-dealer.
